## **Faculty Positions in the Department of Computer Science and Engineering University of Notre Dame**

**The Department of Computer Science and Engineering at the University of Notre Dame invites applications for one or more positions at the rank of Assistant or Associate Professor. One priority area for this search will be bioinformatics. However, exceptional candidates in all areas of specialization will be considered.**

**The Department offers a PhD degree as well as accredited undergraduate programs in Computer Science and Computer Engineering. There are approximately seventy-five students in the PhD program and over one hundred majors in the undergraduate programs. Our faculty are engaged in cutting-edge and highly visible research in algorithms, bioinformatics and computational biology, computer architecture and nanotechnology, computer security, data mining / machine learning, computer vision / image analysis, and networks / systems. The Gates Foundation recently awarded a \$20 million grant to Biology and CSE faculty in the bioinformatics area, and the Semiconductor Research Corporation (SRC) together with the state of Indiana and the city of South Bend recently announced the Midwest Institute for Nanoelectronics Discovery, a research consortium led by Notre Dame, has received \$25 million in new funding.**

**Screening of applications will begin immediately. Applicants should send (pdf format preferred) a CV, statement of teaching and research interests, and contact information for three professional references to: [facultysearch@cse.nd.edu](mailto:facultysearch@cse.nd.edu)**

*The University of Notre Dame is an Affirmative Action/Equal Opportunity Employer. Women and minority candidates are encouraged to apply.*
